

GIFT OF VISION

4TH ANNUAL FUNDRAISER

Dear Friend,

As founders of Save Sight Now and parents of a 5-year-old who has been diagnosed with a rare disease that causes blindness, we know firsthand the impact of Usher syndrome. We are excited to share we are hosting the **4th Annual Gift of Vision Dinner** taking place on **Thursday, November 2, 2023 at The Cascade Room in Mill Valley.**

Save Sight Now is a Marin-based charity committed to funding vision-saving research for children with this devastating condition. Usher syndrome is the leading cause of deaf-blindness, and we are dedicated to ensuring that another critical sense is not taken away from them. Since our founding in 2019, we have raised over \$1.6M through grassroots fundraising and are currently funding four promising research programs in partnership with the Foundation Fighting Blindness.

Please consider sponsoring the Gift of Vision Dinner and help us raise necessary funds to provide a beacon of hope for those affected by Usher syndrome. The enclosed sponsorship opportunities detail the benefits of your generous support.

If you have any questions about Gift of Vision or Save Sight Now, please contact Rosalyn Porcano, Co-Founder, at Rosalyn@SaveSightNow.org or +1-415-948-7674. Additional details are also available at: www.SaveSightNow.org.

We hope you will join us on November 2nd for our Gift of Vision Dinner and help support our vision-saving mission. It will be a wonderful evening of inspiration, entertainment, and connection! Your support will make a meaningful difference in the lives of children and families rapidly losing their vision. Thank you for considering supporting our underserved community.

With hope,
Rosalyn & Justin Porcano

GIFT OF VISION

SAVE SIGHT NOW'S ANNUAL FUNDRAISER

Welcome to The Gift of Vision - an extraordinary evening of people coming together to make a meaningful impact! Our annual fundraiser is more than just a night out; it's a celebration of hope and resilience, a moment to cherish our community's generosity and togetherness. As we gather for our first in-person event this year, we are thrilled to be reunited with our supporters and friends, coming together to combat Usher syndrome. While we regret that our national and global supporters cannot join us physically, we will be hosting an online silent auction and other engaging opportunities. The evening promises to be filled with lively auctions, delicious food and drinks, and updates on our groundbreaking research. Together, we can make a difference in the lives of children and adults who face the threat of vision loss. Join us and experience the power of kindness and strength in numbers.

WE ARE SAVE SIGHT NOW

We started Save Sight Now after our daughter Lia was born with a rare genetic disorder called Usher syndrome type 1B - the leading cause of deaf/blindness. Lia came into this world deaf, with severe balance issues and is now progressively losing her vision. We partnered with the Foundation Fighting Blindness (a 501c3 Non-profit) to raise money for research that can save the vision of thousands of children.

New advances in gene editing, and stem cell treatments have proven to halt blindness in inherited retinal diseases. Now we need your help supporting underserved children and underfunded researchers who are developing sight saving treatments for children who have already lost so much due to Usher syndrome.

YOUR IMPACT

Time is not on our side, but promising research is. As a sponsor you play a vital role in supporting a patient lead charity that has partnered with the world's leading retinal foundation to cure the most common form of childhood deaf/blindness. Your contribution is helping us fund vision saving research and giving hope to thousands of families and children. See the research we are currently funding on our [Research page](#)
